

Great news! Tavares, FL has been nominated for Relocate America's 13th Annual Top 100 Places to Live! We are excited to have Tavares as a potential winning city for our 2010 list. We will begin our final selection process at the end of January and release the results in April. To help our editorial team make their decisions we invite you to post additional nominations for Tavares and tell us why you think it should be recognized on this years list! You can also nominate other cities in County that you think are worthy of consideration.

The winners of the Relocate America's Top 100 List are chosen based on several factors- Including feedback of residents, business and community leaders. As we make our final selections this year we have an extra focus on what business leaders like you have to say about your community, we believe that you are a key to the community and its long term health and overall recovery.

Please visit your community page at <http://www.relocateamerica.com/florida/cities/tavares> to nominate and add additional community photos & content plus any updates needed to improve the accuracy of the community information provided at Relocate America.

We will be receiving nominations until January 15, 2010. We are very excited about next years release as we are focused on highlighting the best communities for people to relocate to.

Thank you for your support.
